RE: Outstanding Performance
Project: HSBC Chicago North, Mettawa, IL

Dear Rich;

We wanted to share with you how much we appreciated the outstanding performance of the Meade Electric Company team on the HSBC Chicago project, located in Mettawa, Illinois. The team led by you, Tony Perkins, and Izzy Rivera have excelled in servicing this account. Meade's responsiveness, attention to detail, and team attitude on this project assisted in making this project a true success.

Among the many things that Meade contributed to this project, especially notable was your leadership at what must have seemed like endless coordination meetings, your accommodation of numerous revisions, and most importantly, your attention to SAFETY.

Hamilton Partners has been a client of Pepper's for many years, and HSBC as well is an important account, your stellar performance assists in maintaining these vital, ongoing relationships. As we close out this project, we wanted to be sure to thank you for being excellent team members. We know that the Meade team is composed of many more players than those listed, both office and field, and we wish to extend our gratitude to each of them as well.

We hope that there will be another opportunity to work with you and your team in the near future.

Sincerely,

PEPPER CONSTRUCTION COMPANY

RE: Lake Forest High School
Lake Forest, IL
PCC Job #17427

Dear Rich:

I would like to take this opportunity to thank you for your exceptional work and commitment to make the Lake Forest High School project a great success.

We are in the process of closing this project and would like any unsigned change orders returned to our office today.

Please contact either Scott Sierens (x606) or Nick Melaszus (x612) if you have any questions regarding this request.

I wish you the best in 2009!

Sincerely,

PEPPER CONSTRUCTION COMPANY

William R. Bennett

Subject: Appreciation letter

Dear Mr. Mohlman

Its with great pleasure that I write this letter. I want to inform you of my experience and dealing with your company. Meade electric did the electrical, fire alarm, and communication on our job in Mettawa IL. The project was Residence Inn. Your staff involved with this project performed extremely professionally. I was extremely impressed with your foreman George Smart. His performance and leadership was a big help with the making the job successful. Some examples of his performance; he consistently gave our superintendents or myself heads-up on items that could be a potential problem or mistake on the print. When we did run into a problem, we asked George for guidance, he listened and offered his advice which was very helpful. This is seldom found in foremen. It was a great pleasure working and dealing with George. Overall it was a pleasure working with your staff, from the project manager Mike Leeder, to your electricians on the job. I look forward to working with your company in the near future. If you have any questions or I may be of any assistance to you or your company, do not hesitate to call me.

Respectfully

Louie H. Jones
